

## STRENGTHEN THE SECTOR

Support and inform an independent network that influences policy to build a stronger sector.

*There are many issues and opportunities for us as a sector to work on. Our members' support is critical to our work. Your membership is an investment that supports our policy work to strengthen Ontario's nonprofit sector. And we need a strong, active and independent network to continue convening, mobilizing, analyzing and sharing voices of all nonprofits across Ontario.*

**The value of membership.** Annual memberships help ONN remain an independent network in order to continue our work advocating for a policy environment where nonprofits can thrive. Memberships are crucial to our work with, and for Ontario's nonprofits and charities.

ONN has achieved a lot since their beginnings a decade ago - improving government bills and regulations, increasing advocacy capabilities within the sector and providing a wide range of services that save our members' money. **But they need you.** ONN needs your membership today in order to continue our vital work to help the sector continue to be, and be seen to be, a key pillar of our society and economy.

ONN understands your organization -- whether you employ people or rely on volunteers, whether you are big small, whether you work around the province or in one location. They understand you because their member organizations mirror the sector's diversity, passion and interests. Hundreds of members work with ONN every year to draft policy, advocate and strategize.

## CONNECT AND LEARN

Save on great ONN events throughout the year, like webinars and ONN's annual conference, Nonprofit Driven.
